

Build a 5-Page Promotional School Website

Task Objective

Create a **professional, responsive and promotional school website using React JS.**

The website should present the school, its facilities, academics, activities and admission information in an attractive way. The main focus should be on **React components, routing, reusable layouts, responsive design and professional UI.**

Website Theme

Create a fictional school website such as:

“iStepUp International School”

You can choose your own school name, logo, colors and images.

Suggested Tagline

“Learn Today • Lead Tomorrow”

Required 5 Pages 1 Home Page

Create an attractive promotional landing page.

Must include:

- Professional Header/Navbar
- School Logo & Name
- Hero Banner
- School tagline
- Short introduction
- **“Admissions Open”** promotional section
- Why Choose Our School?
- Key highlights/statistics
 - 25+ Years of Excellence
 - 1000+ Students
 - 50+ Experienced Teachers
 - 95%+ Academic Success
- Featured facilities
- Principal's message
- Student testimonials
- Call-to-action
- Professional Footer

Hero Example

Empowering Young Minds for a Brighter Future

Quality Education • Modern Learning • Strong Values

Buttons:

Apply for Admission

Explore Our School

2 About Us Page

Create a detailed school introduction page.

Sections:

- Page Banner
- About the School
- Vision
- Mission
- Our Values
- Principal's Message
- Why Our School?
- Achievements
- School Journey / Timeline
- Footer

Include:

- School history
 - Educational philosophy
 - Teaching approach
 - Student development
 - Future vision
-

3 Academics Page

Show the school's academic programs.

Sections:

- Academic Programs
- Primary School
- Middle School
- Secondary School
- Higher Secondary

- Teaching Methodology
- Smart Classroom Learning
- Experienced Faculty
- Examination & Assessment
- Co-curricular Learning
- CTA: “**Start Your Child's Learning Journey**”

Use attractive cards for different academic programs.

4 Facilities & Activities Page

Showcase the school's infrastructure and student activities.

Facilities:

-  Smart Classrooms
-  Computer Lab
-  Science Laboratory
-  Digital Library
-  Sports Ground
-  Art & Activity Room
-  School Transport
-  Medical / First Aid Facility
-  Safe & Secure Campus

Activities:

- Sports
- Cultural Events
- Annual Day
- Science Exhibition
- Coding & Technology
- Educational Trips
- Music & Dance
- Art & Craft

Use **image cards** / **gallery layout**.

5 Admissions / Contact Page

This page should be strongly promotional.

Sections:

 Admissions Open**Give Your Child the Right Start for a Successful Future**

Include:

- Admission Process
- Eligibility
- Required Documents
- Important Dates
- Fee Enquiry CTA

Contact Section

Display:

- School Address
- Phone Number
- Email
- Office Hours
- Google Map placeholder

Admission Enquiry Form

Create a React form with:

- Student Name
- Parent Name
- Email
- Mobile Number
- Class Applying For
- Message
- **Submit Enquiry** button

Add proper form validation.

 Common Header

The header must appear on **all 5 pages**.

Header Structure**Logo | School Name**

Navigation:

Home | About | Academics | Facilities | Admissions

Right side:

Apply Now button

Requirements

- Responsive navigation
- Mobile menu
- Active page indication
- Sticky/fixed header
- Proper hover effects
- Logo should link back to Home

Common Footer

The footer must appear on **all 5 pages**.

Footer Columns

About School

Short school description.

Quick Links

- Home
- About Us
- Academics
- Facilities
- Admissions

Contact

- Address
- Phone
- Email

Follow Us

- Facebook
- Instagram
- YouTube
- LinkedIn

Bottom Footer

© 2026 [School Name]. All Rights Reserved.

Also include:

Privacy Policy | Terms & Conditions

React Requirements

The project should NOT be created as one large component.

Use reusable components.

Suggested Structure

```
src/  
├── components/  
│   ├── Header.jsx  
│   ├── Footer.jsx  
│   ├── Hero.jsx  
│   ├── SectionTitle.jsx  
│   ├── FeatureCard.jsx  
│   ├── FacilityCard.jsx  
│   ├── TestimonialCard.jsx  
│   └── Button.jsx  
├── pages/  
│   ├── Home.jsx  
│   ├── About.jsx  
│   ├── Academics.jsx  
│   ├── Facilities.jsx  
│   └── Admissions.jsx  
├── App.jsx  
├── main.jsx  
└── index.css
```

React Router

Use **React Router** for navigation.

Required routes:

```
/   
/about  
/academics  
/facilities  
/admissions
```

The Header and Footer should remain common across all pages.

UI / Design Requirements

The website should look like a **real professional school website**, not a basic student project.

Design should include:

- Modern education/technology theme
- Professional typography
- Consistent color palette
- Attractive hero sections
- Cards
- Icons
- High-quality images
- Proper spacing
- Rounded corners where appropriate
- Hover animations
- Smooth transitions
- Responsive design

Responsive Breakpoints

The website should work properly on:

-  Desktop
-  Tablet
-  Mobile

No horizontal scrolling should occur on mobile.

✦ Bonus Features

Students can earn additional marks by implementing:

- Animated counters
- Scroll animations
- Image gallery
- Testimonials carousel
- Mobile hamburger menu
- FAQ accordion
- Admission form validation
- Back-to-top button
- Loading animation
- Google Maps integration
- Social media icons
- Dark/Light theme
- SEO-friendly page titles

? Questions Students Must Answer Before Starting

Students should prepare answers to these questions before developing the website.

Planning Questions

1. What is the name of your school?
2. What is your school's tagline?
3. What type of school is it?
4. What age groups/classes does the school offer?
5. What are the school's main strengths?
6. What makes your school different from other schools?
7. What are the school's vision and mission?
8. What facilities does your school provide?
9. What extracurricular activities are available?
10. What achievements should be highlighted?

Homepage Questions

11. What should visitors see first on the Home page?
12. What is your main promotional message?
13. What CTA should be displayed in the Hero section?
14. Which school statistics should be highlighted?
15. Why should parents choose this school?

Academics Questions

16. Which academic programs are available?
17. What teaching methodology does the school use?
18. Does the school provide smart-class/digital learning?
19. What examination or assessment system is followed?
20. How does the school support students academically?

Facilities Questions

21. Which five facilities are most important?
22. Which sports facilities are available?
23. Does the school have computer/science laboratories?
24. What technology is used for education?
25. What activities are conducted outside the classroom?

Admissions Questions

26. What classes are currently accepting admissions?
27. What is the admission process?
28. Which documents are required?
29. How can parents contact the school?
30. What information should the admission enquiry form collect?

 Technical Questions

Students should also be able to explain:

1. What is React JS?
2. Why did you use React instead of plain HTML?
3. What is a React component?
4. Why did you create reusable components?
5. What is React Router?
6. How does routing work in your project?
7. Why are Header and Footer reusable components?
8. How did you make the website responsive?
9. How did you validate the admission form?
10. How did you manage repeated cards such as facilities and testimonials?
11. What is the difference between props and state?
12. Where did you use state in your project?
13. How did you handle navigation?
14. How did you organize your project files?
15. How would you deploy this React website?

 Final Deliverable

Students must submit:

- ☒ Complete React project
- ☒ 5 functional pages
- ☒ Working navigation
- ☒ Responsive Header
- ☒ Responsive Footer
- ☒ Admission enquiry form
- ☒ Reusable React components
- ☒ React Router
- ☒ Responsive mobile design
- ☒ Professional UI
- ☒ Images/icons/assets
- ☒ Clean project structure

Final Goal

Build a school website that looks good enough to be presented to a real school management team—not just a classroom demo.
